

## Product info

The centre includes a network-0-generator selector switch, the required number of miniature circuit breakers and residual current devices. Plug is mounted in the centre for the supply of reserve power and a 5 x 16A power contact socket and 16A Schuko socket outlets, both of which are protected with a 30mA residual current device. An LED indicator light module indicates the voltage in the network. Wire feed-throughs and a rain shelter are part of the delivery.
